Fee

I run a cash practice and therefore you will need to settle the account on the day of your appointment; I regret that I do not have a credit card facility. If you would like to settle by EFT and bring the proof of payment to the appointment, please ask me for my banking details.

If your medical aid provides cover for this process (not all medical aids do), please complete the medical aid information section on the front page of the attached biographical questionnaire.

As I run a cash practice, I request that that you make payment in full on the day of testing and then put in a claim with your medical aid. You will receive a receipt and a medical aid invoice after the testing session.

Please note: I cannot guarantee payment or payment for the full amount from your medical aid.

Should you wish to check your available benefits with your medical aid, please keep the following details handy as you will be asked for them when checking benefits:
